

Hadleigh Hedgehogs Nursery

A nursery that nurtures with nature

At 'Hadleigh Hedgehogs' Nursery children have the unique opportunity to participate in traditional nursery and Forest School sessions.

Forest Schools is an inspirational approach to learning which allows children to develop their confidence and self-esteem through hands-on learning in a natural woodland.

The children are involved in 'risky' play through climbing trees, ropes, and ladders, using tools and having fires. They also develop their social and emotional skills, physical skills, creative and imaginary play and of course gain a love and respect for nature and the world around them. Children who spend the day at Hedgehogs experience both nursery and forest school session and can also enjoy a hot school meal.

We are lucky enough to have our own purpose build woodland building 'The Hedgehog Hideout'. This is where we meet each morning to get ready for our forest school sessions and, can play with wooden nature related toys. We even have bird feeders and binoculars to do a bit of bird spotting!
